2001            President of the 5<sup>th</sup> EACPT Congress, Odense Denmark  
2010            President of the 16<sup>th</sup> World Congress on Basic and Clinical            Pharmacology  
(WorldPharma2010)

**Scientific Advisory Boards**

1986-98        Member of the Management Committee of the COST B1            Action  
1998-            Member of the Management Committee of the COSTB15            Action  
2005-            Member of the Management Committee of the COSTB25            Action

**Editorial boards**

1994-2007     European Journal of Clinical Pharmacology and            Therapeutics  
2001-7         Therapeutic Drug Monitoring

### **Scientific Tutorials**

Tutor of 15 completed diploma theses and 15 completed Ph.D. theses. Presently tutor for and 6 Ph.D. students

### **Awards**

1991 The Ole J. Rafaelsen Award in Biological Psychiatry

2005 The Poulsson Award

### **Doctoral thesis**

1988 The relationship between imipramine metabolism and the sparteine oxidation polymorphism. Odense University

### **Editorships**

Broesen K (ed.). A Guide to Training in Clinical Pharmacology in Europe 1999, Odense University Press, Odense, Denmark

Kampmann JP, Brøsen K, Nielsen-Kudsk F and Nyborg N (eds.). Basic and Clinical Pharmacology 1999, 2<sup>nd</sup> edition, FADL, Copenhagen, Denmark

Kampmann JP, Brøsen K, Simonsen U (eds). Basic and Clinical Pharmacology (in Danish) 2007, 3rd edition, FADL, Copenhagen, Denmark

2003- Editor of "Basic & Clinical Pharmacology & Toxicology"

### **Publications**

Approximately 215 publications including approximately 140 original papers in international journals with peer review. Main topics: pharmacokinetics, drug-drug interactions, drug metabolism and the CYP2C19 and CYP2D6 polymorphisms.

Kim Brøsen is among the most cited pharmacologists during 1990 to 2004
